Returns introduction

This page introduces how retail purchases can be sent back to the shop. Collect the receipt before reading the later page that states the deadline. No deadline is printed on this page.

What to prepare

Have the order number, the payment method, and a photo when goods arrived damaged. Agents can explain how to submit a request. This page does not state the deadline.

How a request is reviewed

The desk reviews complete requests in the order they arrive. Items should be unused aside from ordinary inspection. This page still does not state how many days a shopper has.

Refund window

Customers may request a refund within 30 days of the original purchase date. The refund period is 30 days. Requests submitted after that window are declined.

Digital goods

Opened digital downloads are not refundable once the download link has been used. An unused download license can still be returned inside the window described earlier.
